

Homeowner Assistance is Available to Nebraska Residents Impacted by COVID-19. SCEDD knows many have been impacted by the pandemic with perhaps a lost family member, reduced work hours or subsequent work-related disability that has created hardship for a household. As advocates for your community, we invite you to please share this opportunity with your community members. We encourage you to reach out directly to any community member you know that is directly impacted financially by the pandemic.

A Nebraska resident and homeowner who has been impacted by COVID-19 and facing financial hardship can apply for assistance with their mortgage, property tax, or homeowners insurance (visit https://nebraskahaf.com for full eligibility requirements) upon meeting eligibility requirements. Income eligibility limits for a family of three, for example, are $79,900.

Please share this information, print and post the attached flyer in public locations of your community, and consider adding to your city's social media venues to share this opportunity. Visit **@SCEDD** on *Facebook* or follow **South Central Economic Development District, Inc.** on *LinkedIn* and simply share our posts on the Nebraska Homeowner Assistance Fund.

SCEDD is here as a resource for your community and encourage you to contact us with any questions regarding this program.
